Liberty Holding Co offers state-licensed residential living options for people with ID/IDD and Autism Spectrum Disorder. Our homes are in Armstrong/Indiana County neighborhoods. We're proud to provide:

- ✓ 1 - 2 person homes

- ✓ A financial independence initiative
- ✓ Free local YMCA memberships

Our residents have the dignity of being integral members of their community as well as the rare opportunity to age in place.

That's because Liberty remains actively committed to person-centered services. We're all about helping our residents meet their own individual goals.

## Our services

### Complex Needs

Liberty has a successful track record of supporting people with dual diagnoses, people with legal charges/convictions, people on probation/parole, people needing comprehensive behavior support – including the implementation of restrictive procedure plans – and people with a variety of other specific needs.

---

*Our vision is to create an environment that fosters growth, opportunity, and independence. Liberty is here to empower individuals to make healthy choices and form lasting connections, bringing a deeper sense of purpose and fulfillment to their lives.*

### Community Participation Support (CPS/IHCS)

Liberty's **Community Participation Support** program offers increased opportunities to socialize, seek new experiences within the community, and explore the resources of the Armstrong/Indiana area. Our **Individualized Home and Community Supports** program can help people with disabilities maintain independence in their own home. We provide guidance in maintaining a healthy living environment, financial coaching, dietary oversight, meal prep assistance, medication management, and other supports as needed so that individuals can enjoy an independent, fulfilled, and self-directed life.
