

### **Mission & Vision Statement**

The founders of Liberty Holding Co. believe that all people are created in the image of God, that every person is inherently valuable, and that every person's life has meaning and purpose.

Liberty Holding Co. values what is important to people with intellectual disabilities /autism spectrum disorder and their families because being part of a family is foundational to being human and to leading a life of meaning and purpose.

Liberty Holding Co. was created to be an extension of families to add support for those who need more help than the family can provide and to help people with intellectual disabilities /autism spectrum disorder live more independent lives wherein they can grow and find meaning and purpose unique to how they were created.

Liberty Holding Co. serves individuals with intellectual disabilities /autism spectrum disorder by helping these individuals gain more control over their lives, by helping them build relationships in their community, by helping them learn about opportunities for personal growth, by helping them make wise decisions, and by helping them turn their decisions into functional reality.

Liberty Holding Co. adheres to the values described in *Everyday Lives* and uses those values to qualify and quantify what it means to live a normal everyday life.

Liberty Holding Co. seeks to continuously improve to create and maintain a supportive environment in which people with intellectual disabilities /autism spectrum disorder can grow and thrive.
